### Comments:

Greg- Please review the duplication of the term "public records officer" in the proposed model rule and compare it to the same term "records officer" used in RCW 40.14 --the State Archives section--which refers to records officers who are responsible for their department's or agency's records as a liaison to the State Records Committee and the Local Records Committee. Perhaps we can come up with a broad definition which includes both or "Records Access Officer". In some agencies--li like OSOS-- it will be the same person! I will be happy to discuss this. Thanks for the meeting tonite.
